

Refer to Section {E}
{Facilities}Unit
Procedure for {E1– Campus Safety}

1. The director of facilities and public safety serves as safety officer for the campus. In addition, college administrators, department chairs, and unit managers ensure that safety programs are enforced.
2. Primary objectives of the safety program are:
3. To provide a safe and healthful work environment for all students and employees.
4. To minimize the risk of human and economic losses resulting from unnecessary personal injury and property damage.
5. To insure the security, protection, and well being of the employees, students, and property of the college.
6. To comply with all existing safety and health laws that apply to the workplace and college community.
7. To develop and administer an emergency operations plan for disaster preparedness.
