

KRS 164.9492 Duty of public or private postsecondary institution to disclose existence or nonexistence of automatic fire suppression system in on-campus housing facility.

Instructions: Prepare in duplicate for each building occupant. Both lessor and lessee shall sign and a copy given to lessee and other filed for duration of lease.

Fire Protection Devices

Anyone tampering with any fire equipment (smoke detectors in your room, fire extinguishers, pull boxes, etc.) will be subject to severe disciplinary action. *Residences and/or Residence Halls are not equipped with automatic fire suppression systems.* However, the residences are equipped with smoke detectors. The residence halls are equipped with smoke detectors and fire alarms for the safety of the students living there. Fire protection devices save human lives in times of emergency. Tampering with these devices will not be tolerated. **DO NOT DISREGARD ANY FIRE ALARM!**
